WHY GO WITH L.A. PARENT?
JUST ASK THE PROS.

When Stratford School decided to expand its presence into Southern California, we researched the publications available that not only delivered excellent exposure for us throughout the Los Angeles and surrounding areas but also had a targeted distribution into the homes and businesses of our existing as well as potential families. We selected L.A. Parent as our core publication within this market.

As we move into our third year of operation with four campuses now open in the region, L.A. Parent continues to deliver excellent exposure for us with a good balance of article content, photographs, and advertising. We believe L.A. Parent specifically targets our key families with professionally written articles that are unique and diverse and are confident that we effectively reach our core audience each and every month with timely and relevant information to ensure that the messaging is read, absorbed, and ultimately helps us to stand out in a very competitive market with our advertising!

Thanks, L.A. Parent!

Stratford School

In addition to offering a strong advertising vehicle for us to reach our parent community, L.A. Parent supports our school as a partner in a shared mission. They share our school’s priority of bringing meaningful information to parents so that they can make the best educational choices for their children. Additionally, the team at L.A. Parent has been very helpful in our developing a cost-efficient and effective marketing campaign.
